

## **BRAVO FUND**

The Ojai Music Festival's BRAVO Education and Community Programs make high-quality musical experiences accessible to people of all socioeconomic and cultural backgrounds in the Ojai Valley.

Your Future Forward support allows the Festival to expand BRAVO, bringing students more artist residencies, new secondary school programs, more free community performances, and better arts mentorship funding to help draw exemplary college students to work at the Festival.

### **ARTIST RESIDENCIES (PRIMARY GRADES)**

BRAVO fills a gap in public school music education for Ojai's youth that would not otherwise be available. BRAVO is the only music program offered in TK-3 grades at Meiners Oaks, Mira Monte, San Antonio and Topa Topa elementary schools in the Ojai Valley. Your support allows the Festival to include two additional elementary schools, Sunset and EP Foster, as well as providing funding for more artist residencies – touching more young lives with quality music education.

### **SECONDARY GRADE EXPANSION**

Your investment will expand BRAVO to include secondary grade students in the Ojai Valley. This expansion provides chances for Ojai's public-school students to deepen their knowledge and experience, unlocking scholarships and opportunities to pursue music and arts in college.

### **INTERNSHIP PROGRAM**

Each year we launch post-secondary students into life-long careers with real-world experience from our competitive, nationwide Arts Management Internship Program. Your support will give the Festival the capacity to compensate our interns at a level that matches their skills and contributions, to house these interns for three weeks, to provide them with transportation in Ojai, and to allow them to engage with us year-round through mentorship programs and projects.

### **COMMUNITY PROGRAMS**

Free pop-up concerts in local Ojai businesses, parks, trails, and senior centers, enfold our community into the joy of live concert music. Sharing and making these experiences accessible builds connection, community and fuels partnerships and collaboration. Your investment allows the Festival to plan and implement community offerings each year.
